4 weeks

PROJECT OVERVIEW

Conex were awarded the multi trade supply and install package for the completion of a new petrol station in Lyneham, ACT.

PROJECT SCOPE

Our scope of works included pier boring, detail excavation, surface preparation, supply and install formwork, reinforcement and Concrete to 2,200m² of concrete pavement including pay station and kerbs.

ON TIME DELIVERY

Timing was critical for this project. Conex were able to deliver our four trades within 26 days from commencement of excavation works through to completion of kerbs and handover.

REPEAT BUSINESS

Conex have been working together with Clifford on various projects in Sydney including the construction of new service stations. We were awarded our first service station in Canberra and completed it within program and budget.
